

Kendale Arrival

Kendale Arrival begins at 7:55am. All students Kindergarten – 5th Grade are dropped off in the covered walkway inside the east parking on SW 93rd Street and SW 104th Place. All traffic is to enter the parking lot on SW 104th Place.

Students are to be dropped off. For the safety of our students and staff, parents are not allowed inside the school during arrival.

Parents that walk their children to school, can drop off at the single-entry gate on SW 93rd Street.

Kendale Dismissal

Kendale Elementary School uses the DASH PASS Dismissal Application for the dismissal of our students in Kindergarten – 5th Grade. DASH PASS connects to our school's data system to keep student information up to date. The system uses a "geo-fence" around the school. When a car enters the area, DASH PASS notifies the appropriate teacher or staff member that the student's ride has arrived. Teachers access DASH PASS from their computers or mobile devices in the classroom. They receive notification when a parent arrives, allowing them to release the student from the classroom.

Parents are given access to the DASH PASS application via an email upon registration. This email is sent to the registering parent of each student. The registering parent is able to share the app to another parent or other family members. Parents use the DASH PASS mobile app to manage pickup. Parents can add or delete drivers from their authorized list.

The safety of our students is our priority at Kendale Elementary School. DASH PASS promotes safety by having students remain in classrooms until their ride arrives, minimizing crowding and ensures a smooth flow of traffic. This system also helps manage the car line efficiently by reducing the need for staff to manually coordinate pickups.

Students in Kindergarten, 1st Grade, and in 4th and 5th Grade are picked up in the east side of the school. Parents enter the campus into the drop off / pick up area via SW 104th Place off Kendale Boulevard. Keep in mind that 104th Place is a one-way street.

Students in 2nd and 3rd Grade are dismissed from the south gate in front of the cafeteria building on SW 93rd Street. Parents enter this line via SW 105th Avenue and making a left onto SW 93rd Street and line up on curb. Please keep in mind that SW 93 Street is a one-way street going west bound during arrival and dismissal times.

Parents that walk to school must also use the DASH PASS. These students will walk to the single gate for pick up on SW 93rd Street.
